COMMUNITY
GLOUCESTER RUGBY IN THE COMMUNITY

I enjoy working with our community team.
It's great to work with them and the kids
across the area, supporting coaching and
educational programmes.

Will James

COMMUNITY CONNECTION A GREAT WAY TO ENGAGE WITH GLOUCESTER RUGBY

Young people often gain their first experience of rugby through participation at school or in a local club rugby. In essence schools and local junior clubs are the heartbeat of the game. In recognition of this our Community Team aim to support and strengthen grassroots rugby development.

The Connection scheme invites schools, local rugby clubs and other community groups (youth clubs, scout groups etc) to become affiliated to Gloucester Rugby. An initiative that offers great benefits to everyone that joins.

Benefits include:

- An association with your local Premiership Club
- Links from our official website to your own school or club website
- Priority booking for match day activities, coaching and educational programmes
- Match ticket purchasing at discounted rates
- Opportunity to host a Premiership Rugby Camp at your school or club
- Access to Gloucester Rugby players for coaching, festivals and tournaments or charitable events
- Receive regular updates via the monthly Gloucester Rugby e-zine.

Get Connected! and become a partner of Gloucester Rugby

Schools and clubs that join the connected scheme can take full advantage of the 'connection' package which includes;

- Free Ticket Vouchers
- Free Coaching Session
- Signed Gloucester Rugby Ball
- Gloucester Rugby Wallchart

(Whenever possible, first team players are involved in the delivery of both coaching and classroom based activities).
